Re: E. A. Colangeli Construction Co.
Medford, Massachusetts

To Whom It May Concern:

This letter of reference is being presented to you at the request of the above named Contractor.

I have known and have worked with the firm of E. A. Colangeli Construction Co. over a period of Fifteen years.

During that time the Contractor has exemplified good workmanship backed by an excellent working knowledge of both the construction industry and good business standards.

This firm has been awarded and has successfully completed some fifteen to twenty projects; for which we served in capacity of design architects.

The firms experience with our building projects have given us the ability to asses this firms capability. The projects which the contractor has worked on involved major structural works and complete building systems. These projects had estimated costs of between Five Hundred Thousand to Four Million Dollars.

All the contracts undertaken by E. A. Colangeli were completed within the designated time; with great care and fairness. I highly recommend this fine contractor to your bid list.

If you have any questions regarding the above, please call me.

Respectfully;
